**Tallest Building In New York**

Tallest building in New York,

up there

standing in pride.

All the windows and even the giant point,

the greyish color

of it,

the busy streets in

front of it.

Cars honking.

Next to it is more, and more,

and even more

buildings almost like it.

But one thing that stands out in the city,

is the EMPIRE STATE BUILDING,

tallest building in New York, up there standing in

pride.

Concerns of the world door

Deadly Smoking

Deadly

Harsh, but addicting  
and fun.

Poising, stupid, and crazy

But some

things in the world you just can't change.

Lungs

heart, organs, blood, brain

are

what this can affect in your body.

Killing

death, cancer, coughing, is

what

this can do to you.

Weeping dying.

Smoking is horrible

But

Some things in the world you cannot change.

But together we can make people realize about

Smoking

And what it can do.

Memory door  
NY Yankees Memories

Crowds cheering,  
I'm roaring,  
hot dogs everywhere.  
Words in the air "let's go Yankees."  
The glory of  
competiveness.  
the pitch is delivered  
smack goes  
the ball.

It's going, going, gone, homerun.  
Homeruns, strikeouts, hits, catches, pitches  
Yankee games are awesome.  
Winning and sometimes losing,  
it's part of the game.

Don't  
get sad because there is always another game,  
and maybe that time they will win.  
The Yankee game is all that but one more  
Thing,  
**GREAT SPORTSMANSHIP.**  
The Yankee game is where  
memories begin,  
memories you will never forget.

**Five Dollar Bill**

Money, green Lincoln,  
the number 5  
the five dollar bill.

Crispy feeling,  
small 5, script 5, bold 5,  
the five dollar bill.

The Lincoln Memorial on the back.

Still crispy, and soothing.

You could buy candy, toys, even accessories

With the five dollar bill.

Lincoln on the front as proud as could be.

The five dollar bill is an interesting figure

With lots of mysteries.

The five dollar bill

Can also be evil.

It can tear people apart

The **FIVE DOLLAR BILL.**

Heart Poem

XBOX 360

I love you Xbox I really do,

Nothing could replace you, not even poo,  
a computer, or TV, a car, etc. nothing is better than the  
XBOX 360.

Its games are so fun I could play them for hours and hours.  
Black ops 2, Fifa 13, Mlb2k13, minecraft, Halo, castle crashers,  
are some of the best games you could play on the  
XBOX 360.

Xbox oh Xbox you're the best ,  
Playing/talking with friends, customizing your avatar,  
and even watching movies.

I love the  
XBOX 360.

Wonder Door

Horrible Destructive Violence

Guns, bombs, terrorists, explosions,  
Kill, die, blood, violence is horrible.

Every day more than  
one million people die  
due to this terrible thing.

I wonder if it will ever be  
Abolished, or if violence will just go away and never ever come back.

I wonder if the world will realize the  
consequences  
of violence.

Violence is anything that is destructive, deadly, or harmful,

**BOOM, SMASH.**

A long time ago the world was peaceful, if it was once peaceful I believe  
the world can be peaceful again,  
and rid from all of its harm.

I wonder what the world can do to free itself from  
the **HORRIBLE DESTRUCTIVE VIOLENCE.**
