One Day in New York somethink
terrible. It was BAD. it all started with BAD go
in planes. There were 4 planes.

One was going to crash in wasining Dc
he second one was going to crash in the
white house and the two other ones were
going to crash in the twin tower.

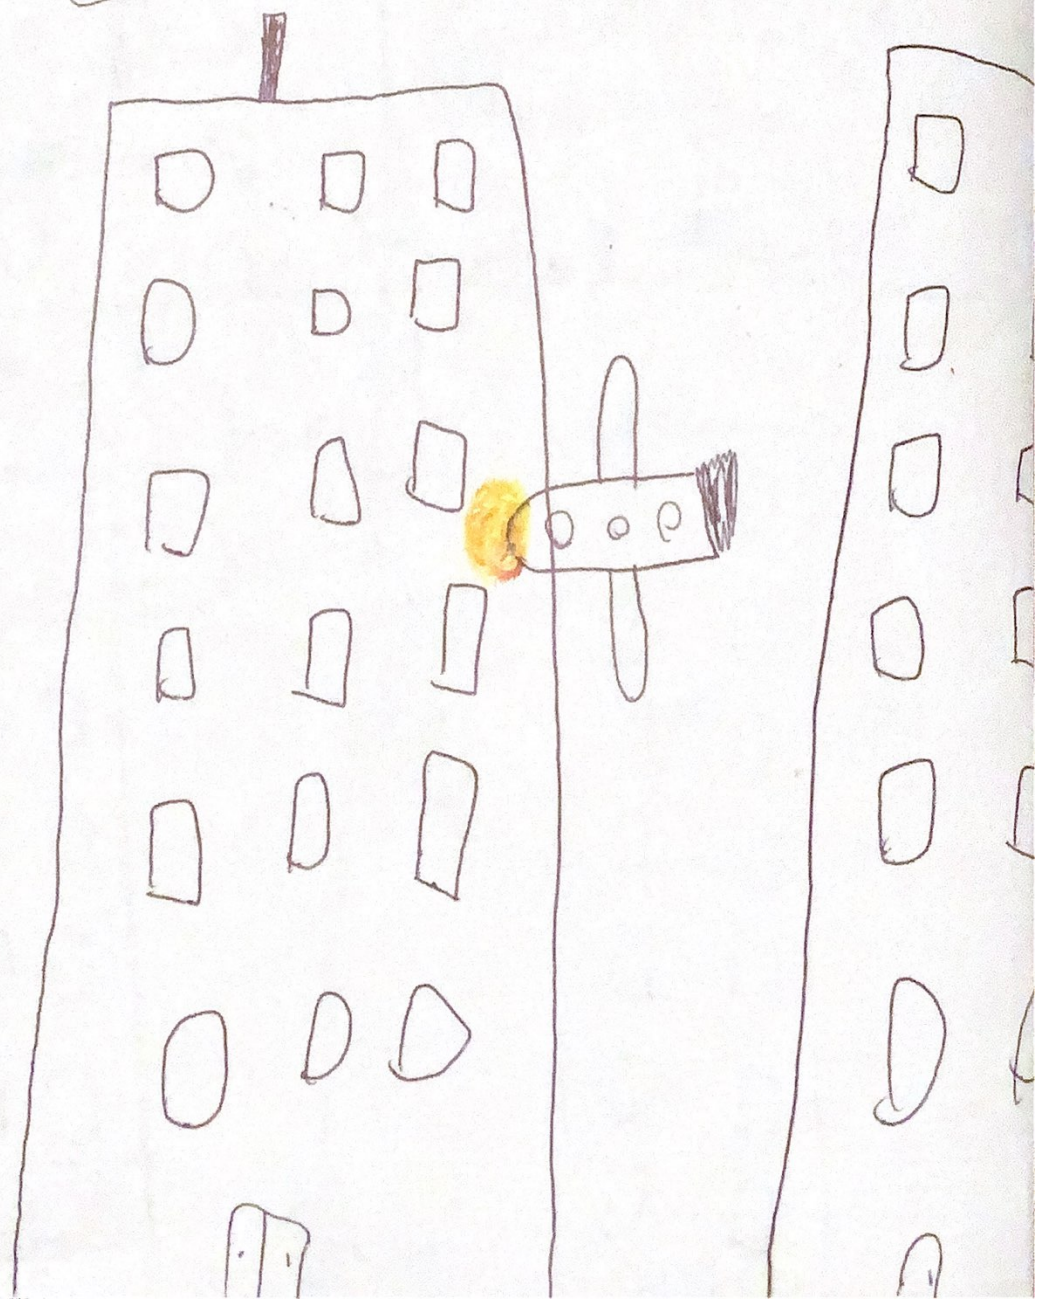

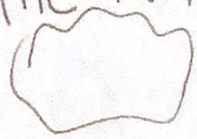

When people were still walking

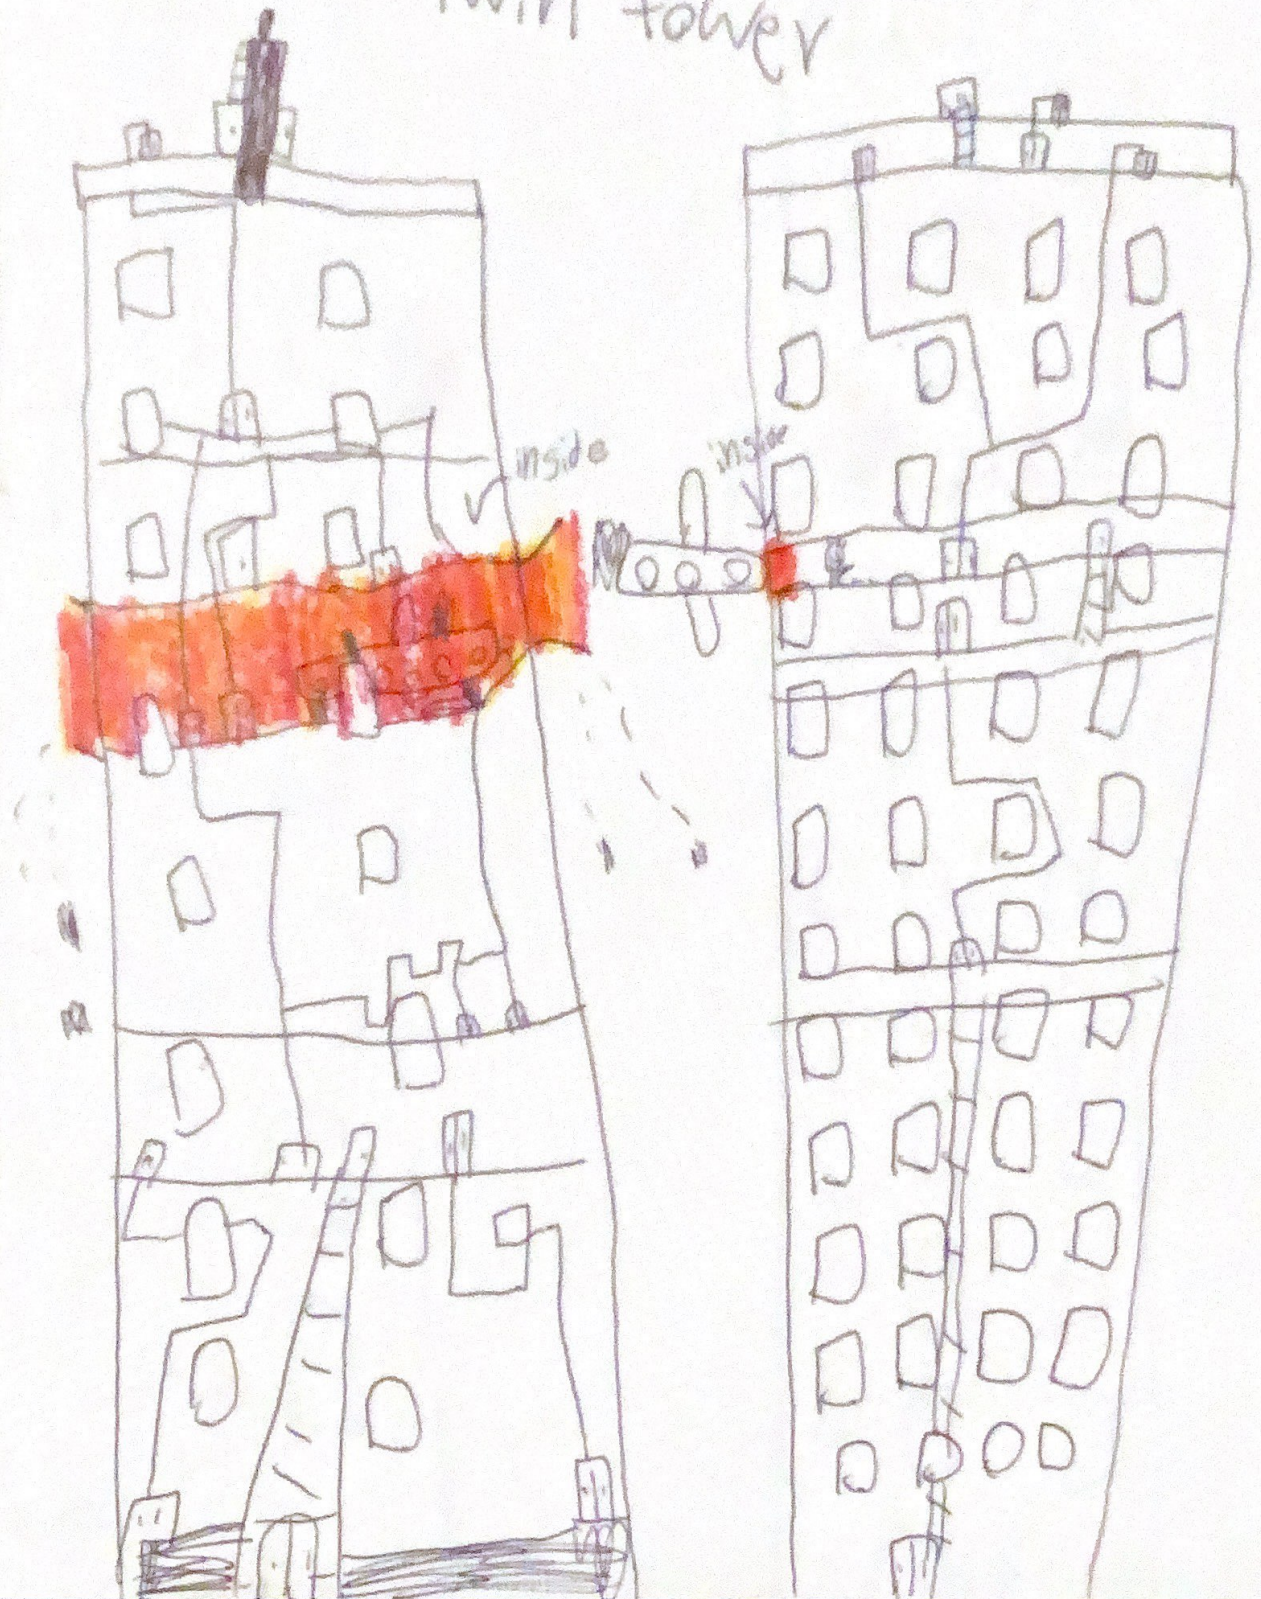

Boom

a plane crashed

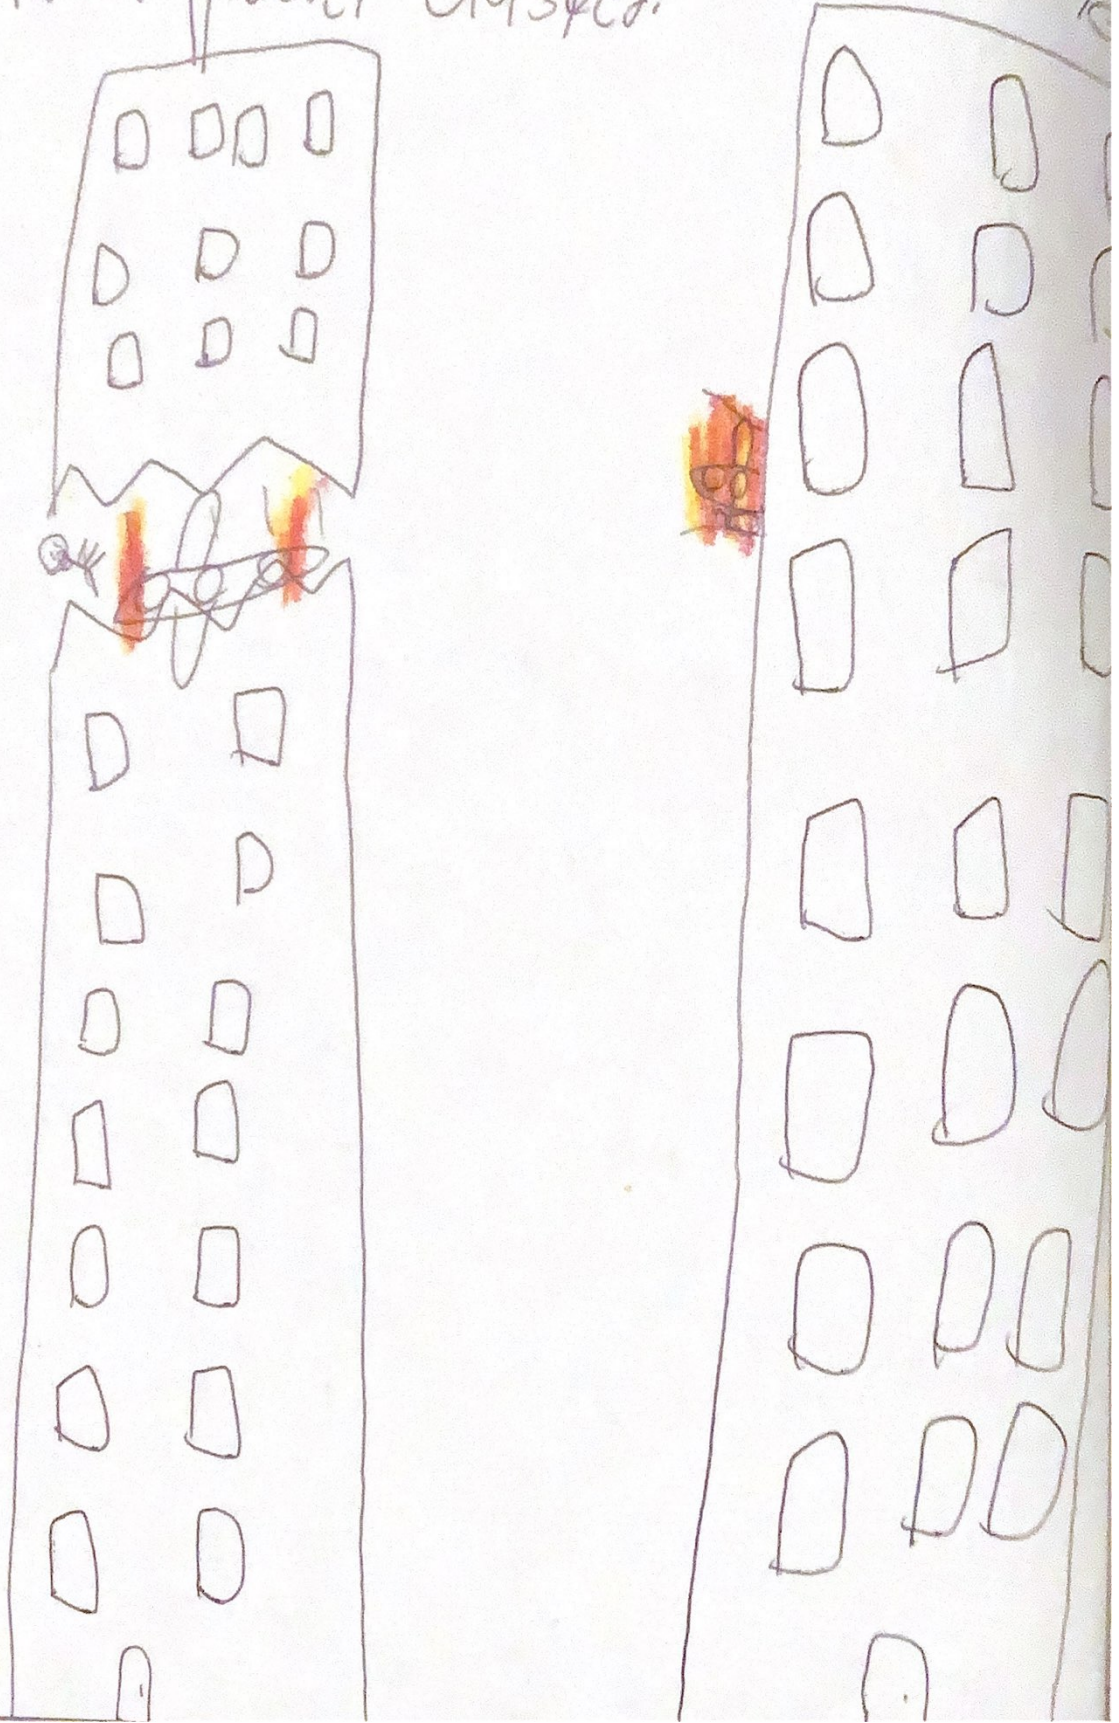

in the twin tower

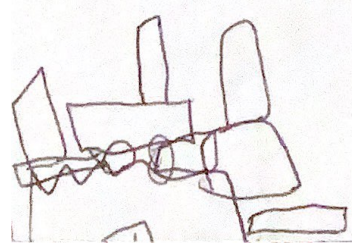

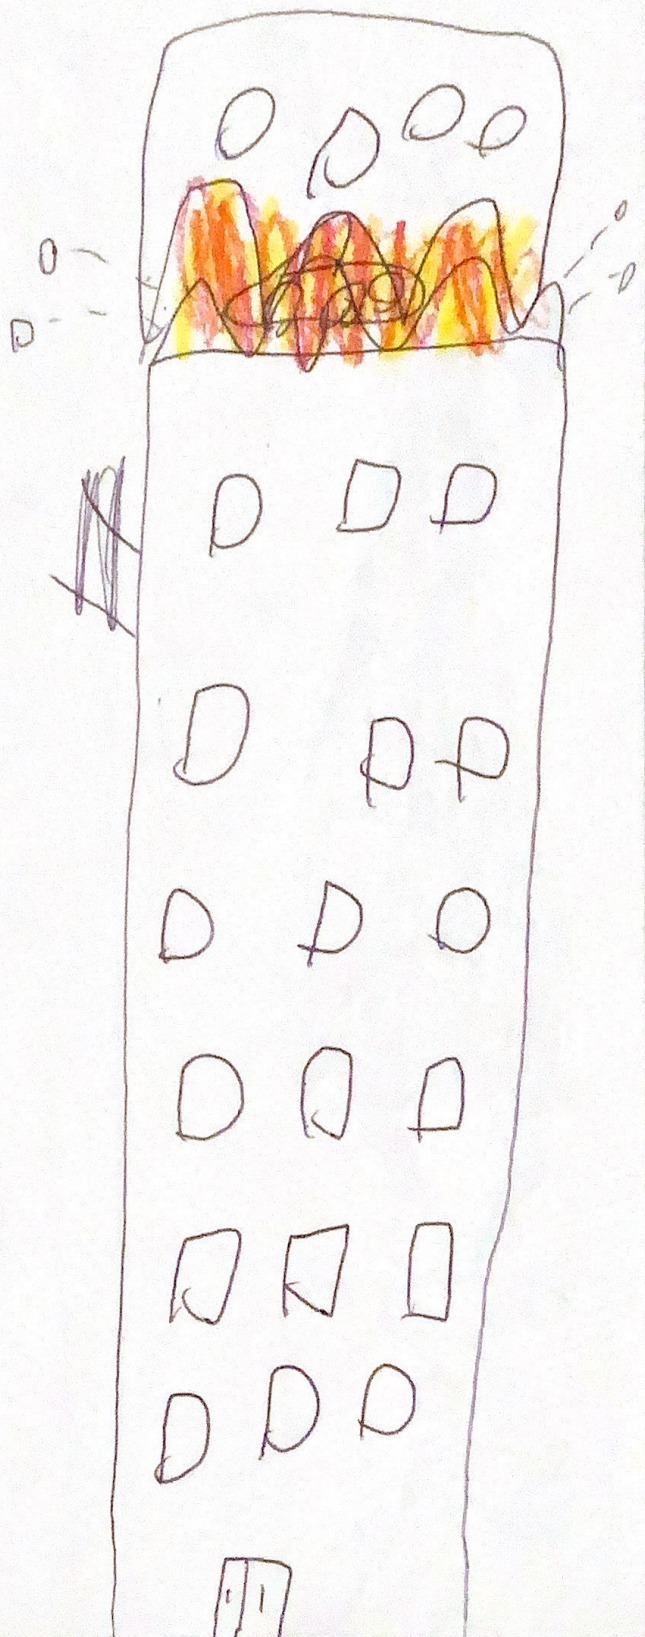

Then a little later BOOM to
the other twin tower

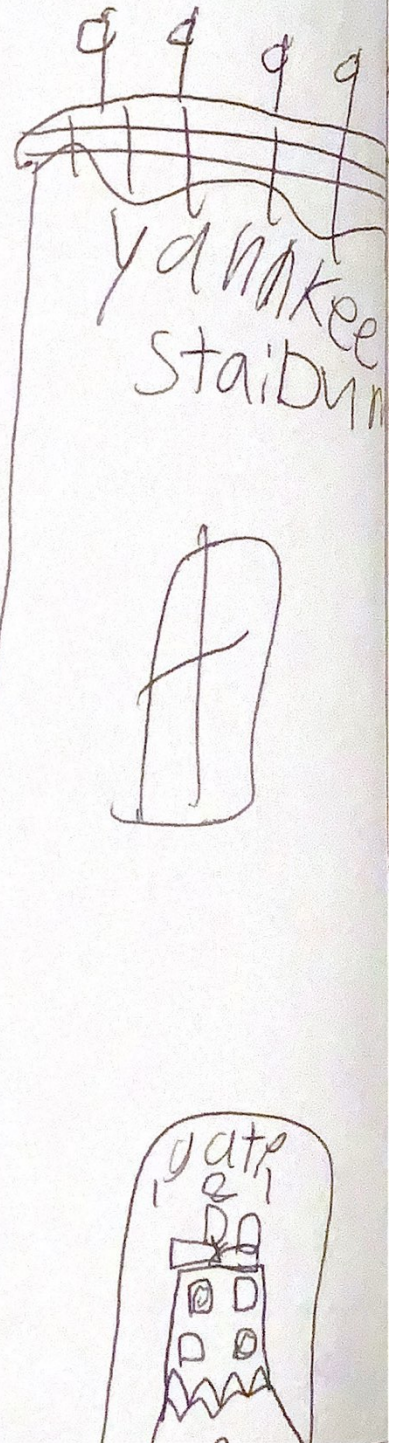

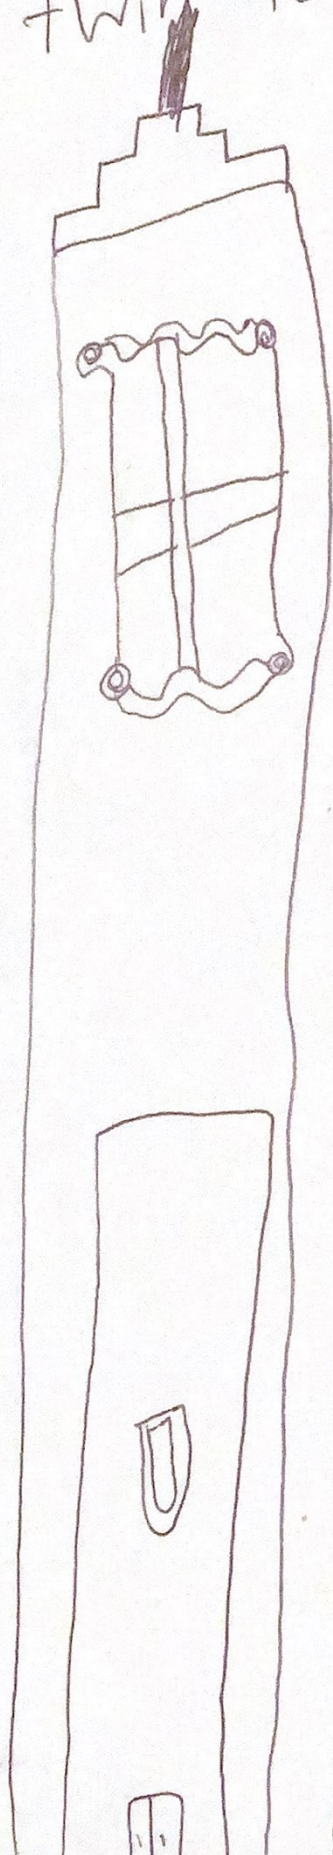

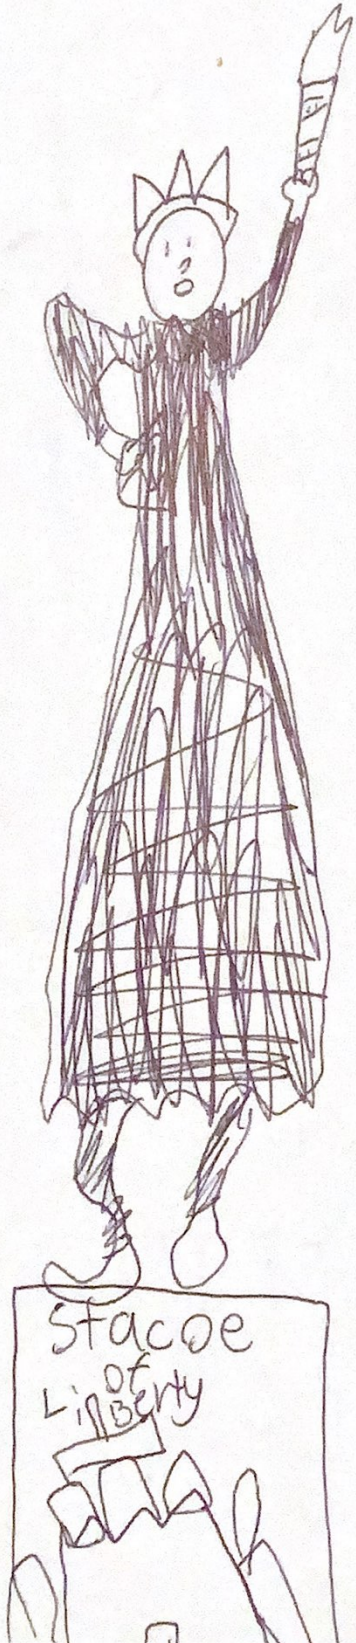

a long time after one of the
twin tower collapsed.

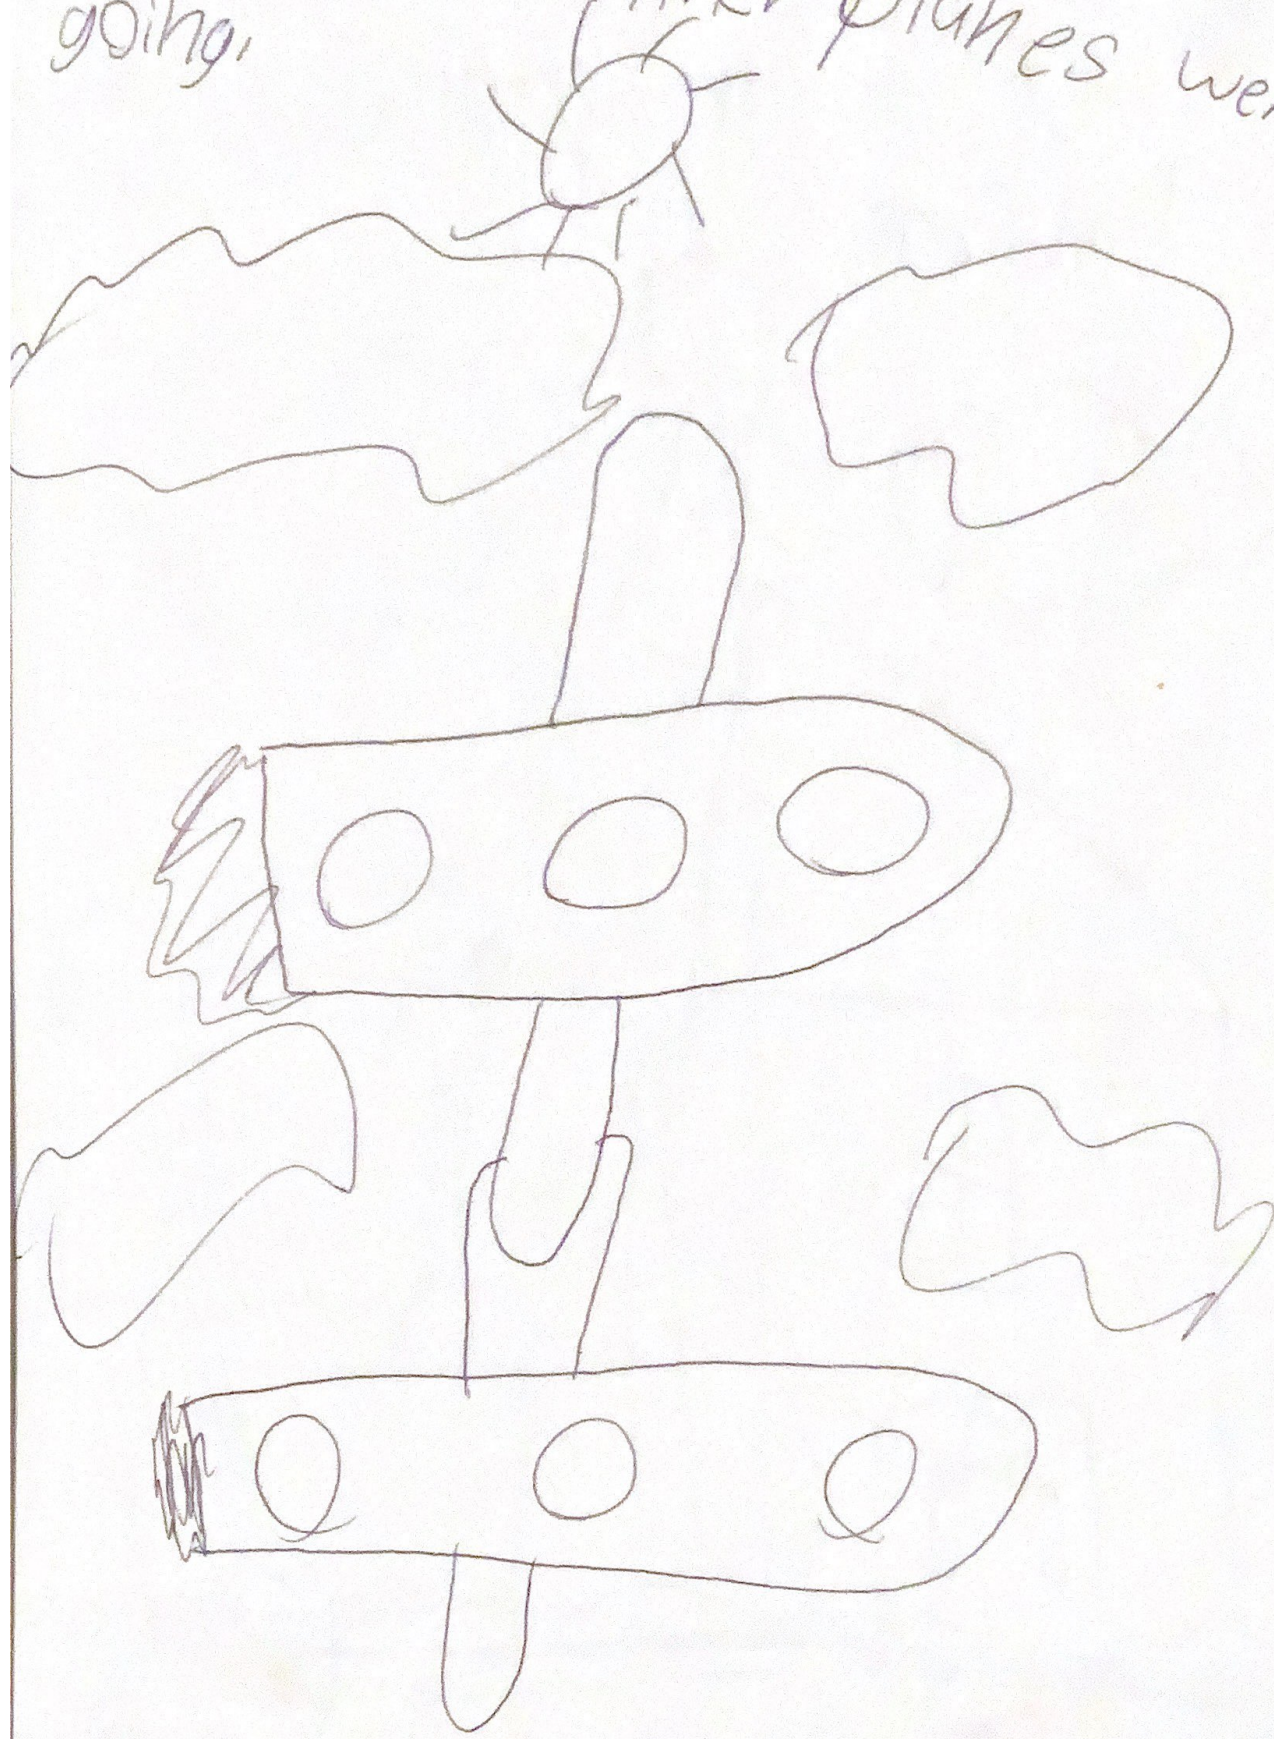

Then the other twin tower clasp.

By By twin tower.

neanyle the anther plates were
going,

And that's
what happened.

This is a true story on 9/11
