

Chapter 1 Origins

Long Ago A special Child was born

As a secluded young boy, he was nice and worked hard

He was respectful and earned what he got

He found his way to a village one day

And made it his home

His family and close ones knew him as Jade

But to the people of his village...

He was simply known as The Black Smith

He was noble, nice, and got the job done

He was quiet but very respectful

And although it was tucked away, he had a fierce side

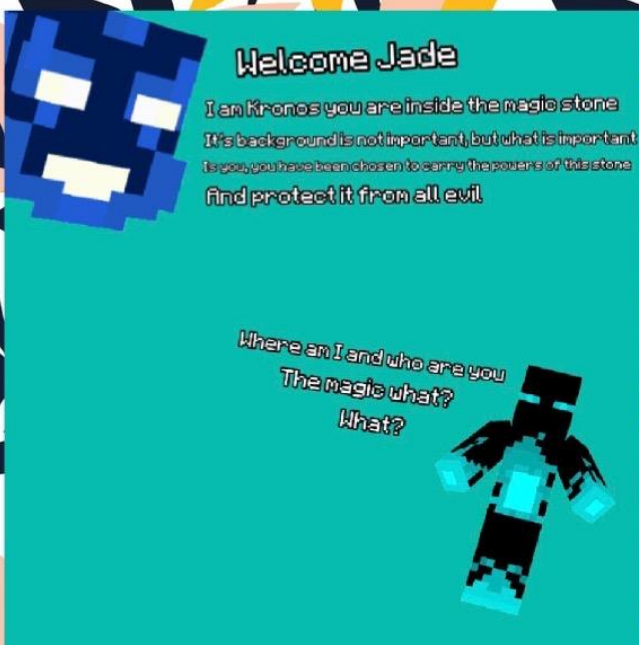

But one day...his world would turn around
